PRE-CONFERENCE TRAINING COURSES INCLUDING #10 COMMUNICATING CLIMATE CHANGE IN IA

COURSE DESCRIPTION

Course #10 Communicating Climate Change Factors in IA: Effective Engagement Approaches and Techniques. This 2-day course (2-3 April) looks at effective foundations in public participation and how these can be integrated into the overall project plan. It examines the costs and benefits of engagement, discusses when, why, and how to involve the public in a decision, and emphasizes the importance of both the decision being made and the promise to the public about their involvement in that decision process. It will provide an overview of what decision makers and organizations should know about the public participation practitioner's role.

GOALS AND LEARNING OUTCOMES

Participants will explore opportunities and benefits of engagement in impact assessment and consideration of climate change issues in particular. Participants will be asked to submit ideas for case studies – examples regarded as “successful” and also “ineffective” or poor/bad practice. The course will draw out lessons learned from all case studies.

FEES

IAIA's courses cost US\$475 for the 2-day courses, and US\$275 for the 1-day courses. The course fee includes course materials, light lunches, and coffee breaks. Participants in the training courses who are not registered for the IAIA conference will be assessed an additional US\$75 fee. **Pre-registration and prepayment by 15 March 2017 is required.**

INSTRUCTOR

Tanya Burdett, Essential Planning Ltd and Burdett Associates Pty Ltd (Australia)

Why train with IAIA?

IAIA is the International Association for Impact Assessment, organized in 1980 to bring together researchers, practitioners, and users of various types of impact assessment from all parts of the world. IAIA involves people from many disciplines and professions. Our members include corporate planners and managers, public interest advocates, government planners and administrators, private consultants and policy analysts, university and college teachers and their students. IAIA has members from over 120 nations.

For 36 years IAIA has been holding annual conference events and training courses all over the world to promote best practices in impact assessment.

With IAIA training courses, participants will have a chance to connect to a global network of impact assessment practitioners and exchange information and experience with other practitioners from around the world.
