

The UK's approach to transitioning practice

Josh Fothergill - IEMA

Florence

April 2015

Outline

- **Government – EIA & Transposition**
 - Lesson 1
- **The Baseline – Practice Data**
 - Lesson 2
- **Ramping Up – Practitioner Action**
 - Lesson 3

UK Government: **EIA and Transposing** **2014/52/EU**

Lesson 1:

**Advancing IA should not be
constrained by a lack of
*imagination***

The Baseline: Practice Data

EIA Directive: Main Changes

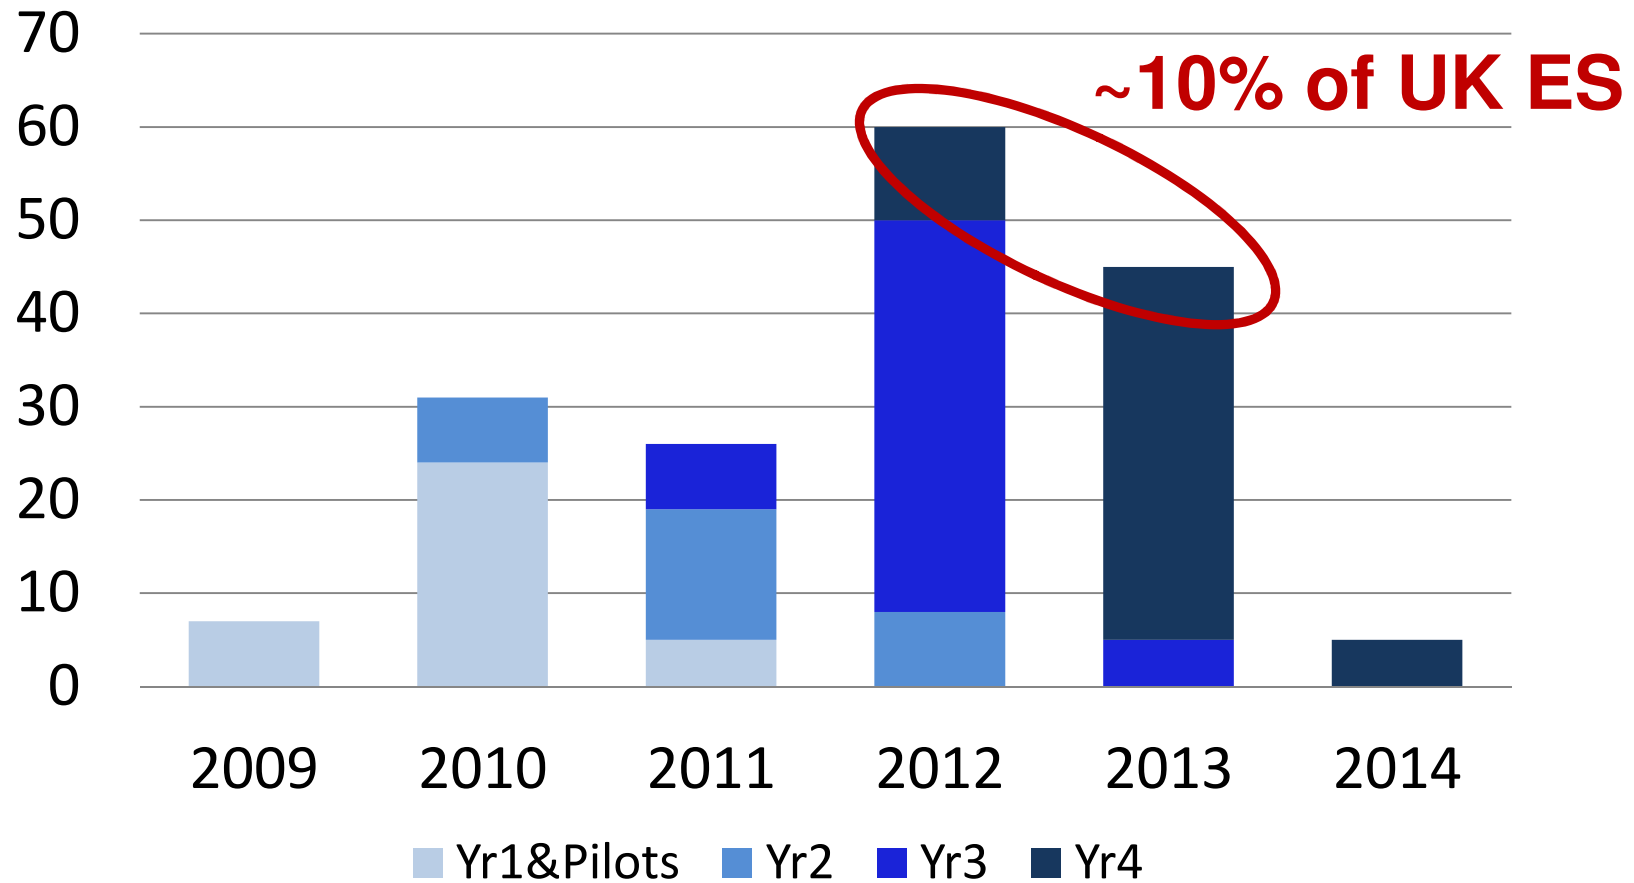

- **Screening**: Thorough Reports + Design & Mitigation
- **Streamlining**: Linking EIA and HRA
- **New Topics**: Health, CC, Biodiversity, Resource use
- **Alternatives**: *Reasonable Alt* & incl: iterative design
- **Experts**: EIA led & ES reviewed by competent experts
- **Mitigation**: Ensure implemented by developer
- **Monitoring**: Mandatory for significant negative effects

EIA Practice Current Position

- **Screening:** COM5 A & B
- **Streamlining:** Evidence of effective UK HRA-EIA links
- **New Topics:** COM3 D Climate
- **Alternatives:** COM4 B
- **Experts:** lots of professional bodies
- **Mitigation:** COM5 C
- **Monitoring:** COM1 A and COM5 C

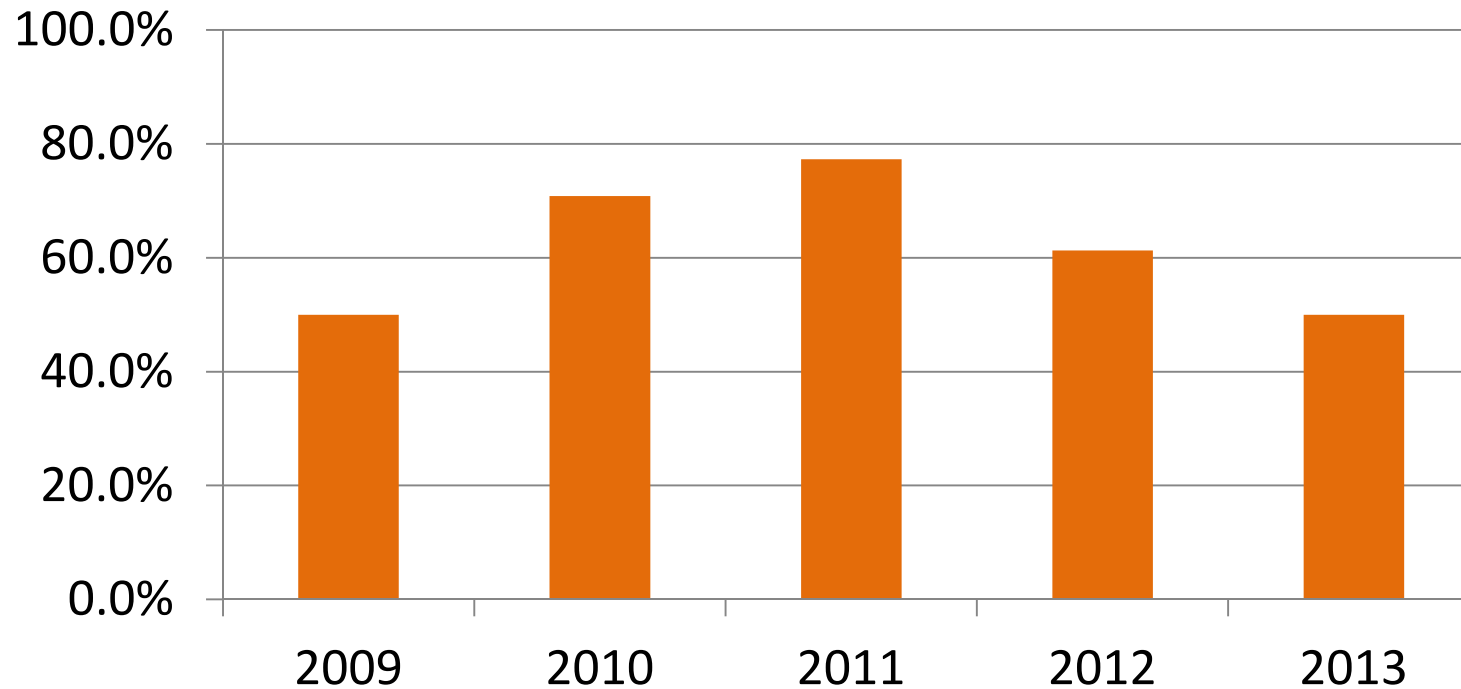

EIS reviewed by Year of Publication

Climate

Key Trends:

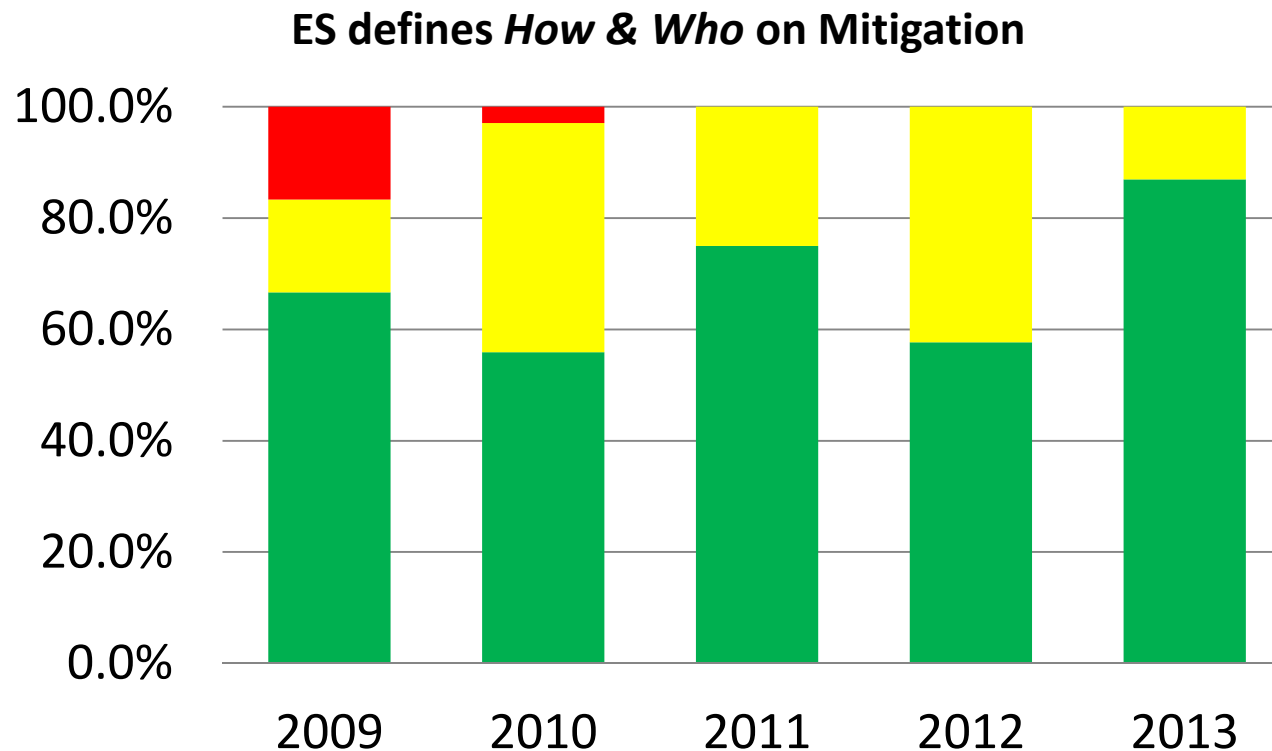

Pass Rate for Climatic Factors - UK EIA

EIA Context & Content

Key Trends:

- **Detail on mitigation uncertainty & responsibility improved - See Graph**

Lesson 2:

**Understanding where you are
is a good place to start a
journey**

Ramping Up: Practitioner Action
