# ABOVE AND BEYOND IA: BENEFITS FOR TERRITORY DEVELOPMENT

**ANDRES AMAYA**Director of Environmental Division

Co-Author; Yaddy Ruiz, Director Social Studies Department

Hard work by many @ INGETEC Senior Team (Saul, Guillermo, Carlos)

www.ingetec.com.co

# SUSTAINABILITY IMPERATIVE FOR WHO?

- The promoter
- The project
- The communities
- The territory
- Outsiders

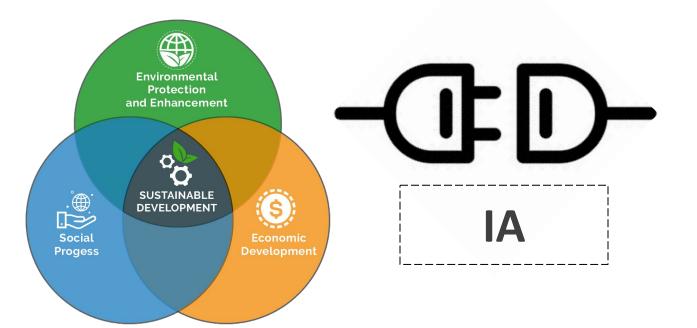

benefits that never were ... condemned to vulnerability

Band of Brothers" Bolombolo - Cauca River (2014)

# **SUSTAINABILITY IS...**

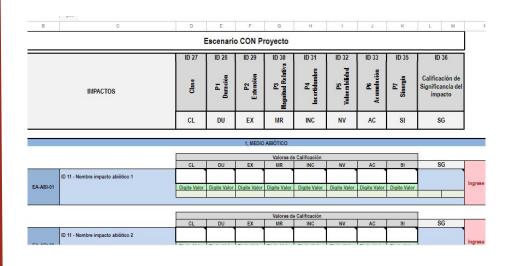

#### **IMPACT ASSESSMENT - COST ASSESSMENT**

- Adaptation of IA concepts and methodologies -Arboleda
- x3 decades in the making applied to diverse sectors and types of projects
- Incorporate IA concepts, methodologies and regulation requirements

 Systematic and analytical method to categorize and quantify impacts for better decisions across projects

Instruction manual and formats

<b></b> INGETEC	EVALUACION DE	PROCESO	Divisiones Técnicas PS1-A	cas CÓDIGO	PS1-A-I-D-EAMB-MET-001
	IMPACTOS AMBIENTALES	REVISIÓN	1	FECHA	27-02-2023

METODOLOGÍA PS1-A-I-D-EAMB-MET-001

MÉTODO DE EVALUACIÓN DE IMPACTOS

AMBIENTALES ELABORADO POR INGETEC

#### CONTENIDO

FINGETEC	PARA DILIGENCIAR	PROCESO	Divisiones Técnicas PS1-A	CÓDIGO	PS1-A-I-D-EAMB-INS-001
± INGENIEROS CONSULTORES		REVISIÓN	1	FECHA	27-02-2023

INSTRUCTIVO PS1-A-I-D-EAMB-INS-001
INSTRUCTIVO PARA DILIGENCIAR LAS FICHAS
DE EVALUACIÓN DE IMPACTOS CON Y SIN
PROYECTO

#### CONTENIDO

1 OBJETIVO	2
2 ALCANCE	2
3 REFERENCIAS NORMATIVAS	2
4 DESCRIPCIÓN E INSTRUCCIONES PARA DILIGENCIAR LAS FICHAS	2
4.1 MÓDULO O SECCIÓN I - IDENTIFICACIÓN DEL IMPACTO	3
4.2 MÓDULO O SECCIÓN II. CARACTERIZACIÓN DEL IMPACTO	11
4.3 MÓDULO O SECCIÓN III - CALIFICACIÓN DEL IMPACTO CON PROYECTO	17
4.4 MÓDULO O SECCIÓN IV. DESCRIPCIÓN DEL MANEJO	28
5 CONTROL DE CAMBIOS	32

#### Module

# 

I. Identify ImpactII. Describe ImpactIII. ScoreIV. ManagementAttributes

## What is significant?

SG = (DU\*wa)+ (EX\*wb)+(MR\*wc)+(jINC\*wd)+((NV\*we)+(AC\*wf)+(SI\*wg)

- Class
- Duration
- Extension
- Relative Magnitud
- Uncertainty
- Vulnerability
- Accumulation
- Sinergy

## Step by Step

- Identify impact and component affected
- Analyse No Project Scenario (4 modules)
- Analyse Project Scenario (4 modules)
- 4. Analyse key parameters

- 1			M N	10.1	1	
P1	DU	Duración	Permanente Larga Duración Corta Duración Temporal	4 ≤ DU ≤ 5 3 ≤ DU < 4 2 ≤ DU < 3 1 ≤ DU < 2	wa	0,16
$\overline{}$					_	

- 5. Score Impacts (SI)
- 6. Rank Impacts
- 7. Analyze results
- 8. Cycle back if necessary

#### AND THE BENEFITS...

- Focus on "No project" Scenario
- Supported in National and Regional Policy
- Integrate Local initiatives
- Surpass Area of Influence
- Shared Value to Enhance Territory
- Be measurable, trackable
- Benefits do NOT respond to impacts

# What if there was a territory benefit plan?

**EMP** 

Additionalities

**Shared Value** CSR

#### Where to...

- Break paradigms
- Work with promoters
- Dig deep in baseline data
- Think integrated IA, Social, Health, Human Rights
- Public participation

### Economic Valuation to Determine Net Benefit

Let's talk socio environmental benefit assessment

# Let's continue the conversation!

Post questions and comments in the IAIA23 app.
