

Climate Change and  
Impact Assessment  
WASHINGTON, DC

## **Climate Change and Adaptation Mainstreaming**

Jessica Ayers

[Jess.ayers@gmail.com](mailto:Jess.ayers@gmail.com)

Summary: This presentation focuses on the use of SEAs in addressing some of the challenges presented by adaptation planning and mainstreaming. In particular, this presentation considers what can be learned from SEAs for achieving an integrated approach to evidenced-based and participatory planning; and balancing domestic needs with external accountability.
